KILLS FOUR CHILDREN

FRENZIED MOTHER THEN COVERS BODIES WITH OIL AND SETS THEM ON FIRE.

CUTS HER OWN THROAT

After Which She Dies in the Flames

With Her Little Ones—Inside a Closet Neighbors Find Blackened Mass Which Proves to Be Bodies of Mrs. Burke and Her Offspring.—Woman Had Shown Signs of Insanity.

Sturbridge, Mass., March 24.—A frenzied mother in the little hamlet of Fiskdale, after cutting off every means of escape by fastening windows and doors, crushed in the heads of her four little children, threw their bodies into a closet, scattered oil over them and herself and then, after setting all on fire, cut her own throat.

It was Mrs. Peter Burke, the wife of a machinist in an auger factory who committed the deed, and her victims were Lilla, six years; William, five years; Louise, eighteen months, and May Rose, five months, respectively.

The woman had previously showed signs of mental derangement.

Blackened Mass of Bodies.

But for the accidental discovery of the fire, the deed of the mother might have been hidden by the destruction of the house. Two boys happened to be passing the house when they saw smoke coming from a window. They burst in the doors and tried first to put out the fire with buckets of water but it gained on them so fast that they were obliged to run for help. The neighbors prevented the flames from reaching the first door. A closet door, which seemed to be more charred than the rest of the woodwork, was opened and inside was a blackened mass. In this heap were the bodies of Mrs. Burke and her four children. Every one of the little ones had its head split open, while the mother had a gaping wound in her throat.

Children Killed With an Axe.

From the appearance of the room and position of the bodies, it would seem that Mrs. Burke had first cut off

every means of escape for the little ones by nailing down the windows and locking all the doors. The weapon with which she crushed out the lives of her children was a large axe.

Mrs. Burke must have dragged all the children into the closet and then taken a bottle of kerosene oil, poured it upon their clothing, about the walls, and then upon herself.

As soon as the fire was discovered in the house Mr. Burke was notified and arrived just as the bodies were found. He fainted from the shock. Mrs. Burke was thirty-four years of age. The family friends say the union has always been a happy one.

SIX MEN KILLED BY GAS EXPLOSION

New Entry Being Made Into Shaft Filled With Gas When Accident Occurs.

Springfield, Ill., March 24.—A terrible explosion of gas in the mine of the Athens Coal company at Athens, Menard county, twenty miles north of Springfield, resulted in the death of six men and one being seriously injured. The dead are John Rogers, Fred Impke, S. Gorndorf, James Patrick, August Noel and David Myers.

An entry to the mine had been for some time stopped up on account of gas and during the morning an attempt was made to open it by drilling another entry in order to allow air to enter and gas to escape. While engaged in this work a miner fired through to the stopped up chamber, causing a terrific explosion of gas, which had accumulated in the chamber. Nine men were in the mine at the time and as a result six were killed outright and one badly injured. Two men escaped. Some of the men killed were 100 feet away from where the explosion occurred.

His Strong Point.

LETTERS OF PENNELL

WITH THEIR AID THE DISTRICT ATTORNEY OBTAINS STORY FROM MRS. BURDICK.

WITNESS DEATHLY PALE

Answers Questions in Faltering Voice and Seeks to Evade Direct Reply Whenever Possible in Describing Her Relations With Arthur R. Pennell—Missive in Which Alleged Threat Occurs.

Buffalo, N. Y., March 24.—Mrs. Alice Hull Burdick, widow of Edwin L. Burdick, underwent a merciless examination by District Attorney Coatsworth at the resumption of the inquest into the death of her husband, who was murdered on Feb. 26. Mrs. Burdick was on the stand when court adjourned until 10 o'clock a. m. She then will be recalled to complete her testimony.

With a package of letters in his hands, some of which were written to Mrs. Burdick by Arthur R. Pennell, correspondent in the divorce proceedings instituted by Mr. Burdick, and other communications between Mr. Burdick and his wife, Mr. Coatsworth forced Mrs. Burdick to tell the story of her relations with Pennell from the time he first made love to her in New Haven in 1898, until 1901, when these relations were renewed after Burdick had forgiven his wife and had taken her back to his home for the sake of their children.

Witness Deathly Pale.

Mrs. Burdick was deathly pale while on the witness stand. She answered questions in a low, faltering tone, evading a direct answer whenever possible and reluctantly admitting facts when the district attorney pitilessly read extracts of the love letters written to her by Arthur R. Pennell.

Not since the inquest into the murder began has there been such intense interest in the proceedings. As early as 11 o'clock in the morning men and women, mostly women, applied at the police court for seats. Judge Murphy ordered the room cleared and no one was admitted until 1 o'clock. When the inquest was resumed at 2 o'clock most of the spectators in the crowded courtroom were women. There was a hum of excitement when Mrs. Burdick took the witness stand.

Mrs. Burdick testified that she would be forty-two years of age on April 30. She was married to Burdick in 1886. They had three children. She met Pennell at a card party five or six years ago at which Mr. Burdick was present. She went to New Haven and New York with the Pennells in 1896. Mr. Burdick did not go, being detained by business. No unusual friendship sprang up between her and Pennell. Witness did not recall a letter from Pennell written in New Haven in 1900 in which he said "yesterday I was at the gateway on the campus grounds where more than two years ago I drew you in in the darkness. This place is enshrined to me."

Asks Purpose of Questions.

At this point Attorney Hartzell, Mrs. Burdick's counsel, asked the purpose of the questions. Judge Murphy said he could object to her answering any questions that might hold Mrs. Burdick up to public ridicule.

"We do not wish to object, but we trust that no unnecessary questions will be asked," said Mr. Hartzell.

The district attorney produced the letter and handed it to the witness, who trembled violently.

Mrs. Burdick in recalling the incident confessed that Pennell went into a doorway, drew her in, took her in his arms and kissed her. She thought she remonstrated. She did not remember that Pennell was at Shelter Island in September, 1900, nor a letter from him in which he wrote that he had found her gloves in the pocket of his Tuxedo. The letter was handed her. She read it hastily and did not appear to enjoy its contents. It was written by Pennell, she said, but she did not remember having seen it before.

After questioning Mrs. Burdick on statements in two other letters from Pennell to her, Mr. Coatsworth produced a letter written from New York on Sept. 18, 1900, and addressed to Mrs. Burdick.

Could Not Remember.

Witness did not remember receiving a telephone message on that date. In this letter he says:

"I just came from telephoning you and hearing your dear, sweet voice. Am I foolish to telephone to you from way down here? It was worth all it cost me. I realize more and more that you are the only woman in the world for me."

Mrs. Burdick could not remember getting the letter, which also says:

"Only a day more and I shall once more see the lovelight in your eyes and experience the paradise within your arms."

Mr. Coatsworth showed the witness another letter written from New York by Pennell and addressed to Mrs. Burdick. She said it was his handwriting, but she did not remember having received it.

"I'll read it and see if it will refresh your recollection."

"As I looked into your beautiful eyes last night I feared there was some trouble there. I did not know but I feared it was because of some

other reason than because I was going away. If there was dearest, I wish you would tell me. There is that in the manner of your husband toward you that makes me fear some time I might kill him."

Mrs. Burdick testified that Burdick took her by the throat and forced her to unlock the box in which the letters were.

Her husband had not started the divorce proceedings. It was she that wanted a divorce from him. She had no love for him, but did love Pennell, whom she expected to marry. He had a wife, but expected they would be divorced.

After returning from Atlantic City and after promising her husband to be a good wife she met Pennell. It was not her habit to meet him, she said, but he was constantly begging her to do so and she did meet him in a house on Seventh street. She was there one time when Burdick came, but he did not see her as she stepped out of the window and went to church.

George C. Miller, attorney for Edwin Burdick in the divorce proceedings against Mrs. Burdick, was the first witness of the day. He told in detail all the steps that had been taken at the request of Mr. Burdick to secure a divorce.

The testimony given by Henry J. Orrett, the furnace man at the Pennell house, was unimportant.

Lizzie Romance, maid at the Pennell house at the time of the murder, gave testimony favorable to Pennell. She said Mr. Pennell was with his wife in their reading room at 10 on the night of the murder.

It was after the incidents related by Mrs. Burdick that Mr. Burdick sent her away from home the second time. Her second exile from home began last Thanksgiving and lasted until after the murder of her husband. Mrs. Burdick probably will be called to tell what she knows of the movements of Pennell just before the murder.

SHOOTS AN ATTORNEY.

Milwaukee Man Fires Revolver on a Crowded Street.

Milwaukee, March 24.—Believing that he was the victim of injustice, Thomas Cusack fired three shots at Attorney Charles M. Scanlan, as the latter emerged from a restaurant in the center of the business part of the city. One of the shots struck Scanlan in the back, between the shoulder blades, but his wound is not considered serious by the doctors at Trinity hospital, where he was taken. One of the stray bullets struck Jacob Julien, but hitting a button on his vest, glanced and passed harmlessly through his clothes, lodging in the lining of the coat.

The street was filled with people hurrying homeward from the theater. In the meantime, through the blinding snow and wind, a frenzied mob pursued the fugitive until he was captured by a policeman.

Police Fire on a Mob That Attempts to Burn Buildings at Port of Spain.

CRUISER LANDS BLUEJACKETS

British Man-of-War Preparing to Take a Hand in Conflict of Serious Nature.

Kingstown, St. Vincent, March 24.—A serious riot was in progress in Port of Spain, Trinidad, according to a dispatch just received from that city. A mob attempted to burn the government buildings there and the police had to fire on the rioters, killing or wounding several of them. The British cruiser Pallas, at the time the dispatch left, was landing bluejackets. The rioting was due to the refusal on the part of the government to withdraw an ordinance concerning the new waterworks, to protest against which several public meetings had been held. A demonstration was made during the meeting of the legislative council, and finally the mob stoned the government buildings and set fire to them. The riot act was read and the police fired on the mob. The city is in a state of great excitement.

Japanese and Mexicans Engage in Bloody Fight.

Oxnard, Cal., March 24.—Two hundred shots were exchanged in a labor fight between Japanese and Mexicans. The trouble arose over an attempt of union laborers to put a union sign on a wagon occupied by nonunion men. Perfecto Ogas and L. Vasquez will die of pistol wounds. Two Japanese and another Mexican were also shot. Six hundred Japanese and 400 Mexicans are on the verge of a bloody fight. The men are connected with the beet sugar industry.

Chicago, March 24.—Under the title "An ordinance to prevent unjust discrimination by landlords against parents," Alderman Jonathan Roxton introduced in the city council a measure intended to make liable to a fine of not less than \$5 nor more than \$100, owners and agents of flat buildings in Chicago who refuse to rent apartments to persons with children, unless such agents and flat owners are able to prove that the children of prospective tenants are peculiarly boisterous and disagreeable.

MAKES SLIGHT CHANGES.

Alterations in Itinerary of President's Western Trip.

Washington, March 24.—The people of the states through the which the president is to travel on his Western trip have been besieging him through their representatives and senators for changes in the schedule as announced so as to take in points at which no stops had been arranged. As a rule it is impossible to comply with such requests without completely upsetting the general schedule, but where slight changes can be made by rearranging the time within a state they are being made. For instance, at the request of Senator Foster, Representatives Cushman and Humphreys of Washington, the Washington schedule was altered so as to extend the time of the president's stay at Seattle and Spokane. Under the new arrangement the president will leave Tacoma at 9 a. m. Saturday, May 23, for Bremerton, arriving there at 11 o'clock. Seattle will be reached at 1 p. m. The party will go to Everett by boat at 2:30, arriving there at 5:30. At 7 p. m. the return trip to Seattle will be made. There the original schedule will be resumed. Senators Hancham of North Dakota and Heyward of Idaho also were at the White House to secure changes in the schedule, but in their cases no alterations could be made.

It is understood that Mrs. Roosevelt and the children will spend the time during the president's tour at Sangamore Hill, Oyster Bay and that immediately upon the president's return he will join his family and spend the summer there much as he did last year.

A number of cars had jumped the track and several of them went over on their side.

HE WANTS SUM OF \$15,000 FROM N. P.

Victim of the Baxter Wreck Sues Northern Pacific for a Large Sum

JUDGE FLEMING IS RETAINED

Chas. H. Williams may lose the Sight of an Eye—Comes Up in May

The Northern Pacific claim department has been pretty busy during the past year settling up claims as a result of the many serious accidents which have occurred throughout the northwest, and in many instances the claimants have been settled with outside the courts.

The largest suit yet commenced as a result of these accidents has been started in the federal court and will come up at the regular May term at Duluth. Charles H. Williams has started a suit to recover \$15,000 which he now thinks would be the right sum to appease his sufferings and mental anguish as a result of injuries received in the wreck west of this city last fall, when a light engine collided with the engine of No. 12, the passenger running between Staples and Duluth.

Williams was a passenger on No. 12 and in the collision he sustained serious injuries about the head. The injuries at the time of the accident were not considered serious but complications have since set in which make them very serious, according to his physician. His nose was broken and with other slight injuries about his head the result is that his speech has been greatly impaired, he has lost the sight of one eye and cannot hear well.

The injured man has retained Judge W. A. Fleming, of this city, and papers have been served on the officials of the company. Williams' home is at Duluth.

Miss Bertha Stade and Mrs. Riddell left for Minneapolis this afternoon.

Mrs. W. H. McKay left this afternoon for Duluth where she expects to spend the summer.

Postmaster McBride, of Walker, passed through the city this afternoon enroute to the Twin cities.

B. M. Hungerford, of Aitkin, passed through the city this afternoon enroute to the Twin cities.

L. F. Newstrand, who has been very sick at St. Joseph's Hospital, is reported some better today.

Mrs. Elmer Goodrich after an extended visit in this city left this afternoon for her home in St. Paul.

Mrs. Alex. McIntosh and Miss Kate McIntosh left yesterday for International Falls where the latter has a claim. They were accompanied as far as Bemidji by Dan. McIntosh, who returned this morning.

MUSIC AND DRAMA.

"THE MAN FROM SWEDEN."

Seattle Daily Times, Monday Feb. 9, 1903:

Knute Erickson in "The Man From Sweden", opened to the second largest matinee of the season yesterday afternoon and to a capacity house last night, at the Third Avenue Theatre. Notwithstanding the worst storm of the season and the counter attractions, no desirable seats could be had for the performance after 3 o'clock.

"The Man From Sweden" is a pure and clean play and contains enough pathos and heart interest to suit all lovers of the pathetic, but the predominating and most pleasing feature is the comedy element. Knute Erickson is essentially a comedian, but shows an amount of pathos in some scenes of the play not to be expected from an actor of his character. He is at all times perfectly natural, and is without a doubt the best Swedish character delineator that has ever been seen in a drama.

The little child, Little Jim, a friend of Carl, has a part that works hand in glove with the star's, and shares the applause of the audience, but Little Beatrice is an actress of more than ordinary ability. She is a sweet and pretty little child and wins instant favor with the audience. Miss Lillian Maynard sings some very catchy songs in the fourth act, and the singing of the trio called for several encores. "The Man From Sweden" runs all week and will doubtless draw big houses. The scenery for the play is appropriate to each act and the blizzard scene illusion is entirely new.

"The Man From Sweden" comes to the Brainerd theatre next Thursday March 26th.

OVER at Alexandria the editor of the Citizen has leased the Park hotel and will conduct the business hereafter. Bro. Trenham can now invite his delinquent subscribers to take dinner with him, as well, when they are in town.

TILLMAN says Bryan is strong with the masses and that while he may not name the nominees of the national democratic convention in 1904 he will be in a position to say who shall not be nominated. Tillman is rather "strong" himself.

THE Cass Lake voice urges Representative Cole to support a proposition to divide that legislative district by attaching Cass county to the district composed of Crow Wing and Morrison, and urges that if this is done it will give the new district three representatives and one senator under which arrangement Cass county would always be sure of a representative while now it cannot expect to present a candidate in 1904 having had the representative for two terms, Itasca county being next in line. Under this plan Itasca, Carlton and Aitkin would form one district and Crow Wing, Cass and Morrison another.

HIS THROAT HACKED WITH SHARP RAZOR

Napoleon Jermain, who Worked for Pine Tree Logging Company is Victim.

WAS HELD UP NEAR PILLAGER

And after Being Brutally Assaulted is Thrown Into Ditch of Water to Perish

One of the most dastardly and inhuman assaults that has ever been committed in this section of the state for some time was perpetrated last evening between five and six o'clock when Napoleon Jermain, was held up near Pillager, and after being relieved of all the money he had, \$16, was brutally butchered with a sharp razor—his own razor at that, which was taken from a tussack which he carried on his back—and it is thought that the man will not recover.

Jermain was assaulted by two men whose names are not known, but the officers who have been notified have a good description of the men, and every effort is being made to capture them.

Napoleon Jermain has been in the employ of the Pine Tree Lumber Co. during the winter. He came down from the camps at Cross Lake yesterday morning, was paid off at Brainerd, and after buying some clothing, started out to walk from here to Motley, wanting to get away from the crowd with which he had been working all winter, as they were drinking and spending their winter's earnings profusely. Jermain's home is at Napoleon, N. D., and he intended going west on the midnight train. He thought he would walk out to Motley and left here shortly after noon.

He passed through Pillager about five o'clock last evening. When a mile west of Pillager he was met by two men, one tall and the other a short one. The tall man advanced toward him and asked him for a chew of tobacco, which was given him. Then the tall fellow asked him if he had any coin, to which Jermain replied he had only \$17. As he said this the little man grabbed him by the throat and the tall man went through his tussack, and extracting his razor cut three gashes in his throat and left him in a ditch alongside the track for dead. Jermain states that he was slugged, drugged and robbed in less time than it would take to say the words.

He awoke from his stupor at 11 o'clock last night and staggered back to Pillager where his wounds were dressed and he was otherwise given medical care.

The two men who did the crime are thought to have come to Pillager and hung around until late at night.

A posse was organized this morning and the men were traced for some distance in the woods. The search will be kept up and it is hoped that the men will be overtaken.

Jermain is said to have a family at Mapleton, N. D., and fortunately he sent all his money by mail to them from this city yesterday before starting out on foot, keeping only the \$17 to pay incidental expenses.

NIMBLE FINGERS GET BUSY.

And Miss Christina Olson While Attending the Good Templars Entertainment is Robbed.

On Saturday night while attending a meeting of the I. O. G. T. in the Columbian block, Miss Christina Olson was robbed of \$16, the money having doubtless been taken by some pickpocket. Of course there was not the slightest idea that any one would be around a temperance meeting who would frisk peoples' clothing, but the black sheep of traditional fame was there.

Miss Olson hung her coat in the ante-room to the hall and left her purse in one of the pockets. When the entertainment was over and after she had discovered the loss, the members of the order raised a purse of \$9 and gave it to the young lady.

The matter was reported to the police but no trace of the guilty person has been found.

It Saved His Leg.

P. A. Danforth, of LaGrange, Ga., suffered for six months with a frightful running sore on his leg; but writes that Bucklen's Arnica Salve wholly cured it in five days. For Ulcers, wounds, Piles, it's the best salve in the world. Cure guaranteed. Only 25 cts. Sold by H. P. Dunn & Co., druggists.

MANY IMPROVEMENTS

Manager Walker Has Made Many Changes in the Brainerd Telephone System

In the Past
Many improvements have been made of late at the Brainerd Telephone Exchange, and Manager Walker is planning many more before the summer is over. He hopes to make the Brainerd telephone system one of the most thorough in northern Minnesota. From year to year he has made extensive improvements and during the progress of some of this work it has temporarily hurt the service, but patrons would better understand if they looked the plant over for themselves to ascertain what it means to overhaul, rearrange and improve the workings of a telephone system.

Last year a large metallic cable was run up through the alley from the exchange as far as the City Hotel. This improved the service considerably and many down town customers, as well as others, were put on exclusive lines.

Recently Mr. Walker has had the office and the exchange, which is in the Walker block on Front street, entirely rearranged. The partition which was between the work room and the room where the office was located has been moved farther up toward the door and the change brings the switch board up nearer to the window and makes it better and more convenient for the operators. The large telephone booth has been placed at the north end of the room close to the door.

Added to the many improvements that have already been made those that are about to be made by Manager Walker and Brainerd will have a thoroughly up-to-date telephone system.

Arrangements have been made to put in two 200 pair cables, one running north on Seventh street as far as G. D. LaBar's home and another running south on Seventh street as far as Albert Angel's home. Another will also be run up the alley as far as the City Hotel this summer.

Manager Walker will soon, if he secures permission, put in two outside booths, one at the City and the other at the Arlington hotel.

The business of the exchange has increased so that there are now six ladies on the switch board. Miss Ada Miller is chief operator and has been affiliated with Mr. Walker for some time. Miss Celia McCullum recently arrived from Detroit and has taken a position at the central office. The other young ladies now employed are Miss Sadie Dunn, Miss Josephine Springer and Marguerite Strehlaw, all popular "hello" girls. Miss Jennie McCleary, who worked at the exchange for such a long time, but who has been in the hospital for a month or so, will return to her old position Monday and her many friends will be glad to see her back again.

Manager Walker expects soon to extend an invitation to the public to call and see what improvements have been made during the past year.

TAKEN BY LADRONES

Town of Suriago, in Northwestern
Part of Mindanao, Falls Into
Insurgents' Hands.

SEVERAL CONSTABLES KILLED

Reinforcements Being Rushed to the
Scene of Conflict as Rap-
idly as Possible.

Manila, March 24.—The town of Su-
riago, in the northwestern part of the
island of Mindanao, was captured Sun-
day by ladrones, who killed Constabulary
Inspector Clarke and several others.
A detachment of thirty men be-
longing to the Tenth Infantry, under
the command of Lieutenants Patter-
son and Brown, is hurrying from Ilo-
gan, on the northwest coast of Min-
danao, to Suriago, on the transport
Reilly, with orders to recapture that
place.

Brigadier General Sumner, com-
manding the department of Mindanao,
has been ordered to send two addition-
al companies of troops to Suriago. It
is reported that the ladrones are hold-
ing the town, but details of the fight
have not been received. The fate of
the white officials and other foreign-
ers is not known. If they have been
captured, vigorous measures will be
taken to rescue them. This is the
first time American troops have been
used since peace with the Moros was
declared.

Governor Taft and General Davis
are going to Jolo for a conference with
the sultan and leading Moros of Jolo
in the hope of averting trouble.

NEW DANGER POINT.

Main Levee at Everton, Miss., Leak-
ing Badly.

Vicksburg, Miss., March 24.—A new
danger point has appeared on the Mis-
sissippi river, rather serious reports
coming from Everton, three miles
south of Rosedale, in Bolivar county.
The main levee at that point is said
to be sloughing and leaking badly. A
special train with several hundred
laborers was rushed to the danger
point from Greenville.

Scores of refugees, many of them
destitute, have come in, and the prob-
lem of what to do with them is be-
coming severe.

Forty or fifty negro families living
in the lowlands at Kollinston, this
county, had to flee from their homes,
a small protection levee having given
way.

River Flooding at Memphis.

Memphis, Tenn., March 24.—The
river has remained stationary all day
and at night it is reported to be fall-
ing. The danger from the flood in this
territory is considered to be practi-
cally over.

EVERYTHING REPORTED QUIET.

Rear Admiral Coghlan's Squadron Ar-
rives at Puerto Cortez.

Washington, March 24.—The navy
department has been informed of the
arrival of the Olympia, Panther and
Malletta, of Rear Admiral Coghlan's
squadron, at Puerto Cortez, on the
east coast of Honduras, where they
were sent for the protection of Ameri-
can interests said to be endangered by
the political troubles in that country.

WHITAKER WRIGHT'S CASE.

Judge Lacombe Will Render a Deci-
sion on Extradition.

New York, March 24.—After a hear-
ing in the United States circuit court
on the application for a writ of habeas
corpus in the case of Whitaker
Wright, whose extradition is asked for
by the British government, Judge La-
combe announced that he would give
a decision today.

TERRIFIC SNOW STORM.

It Sweeps Over National Park and
Fills Gulches.

Fort Yellowstone, National Park,
March 24.—Over the length and
breadth of the national park there
swept a terrific snow storm that deep-
ened the snow already on the ground,
filled up the gulches and made travel,
even for the ski runners, who travel
from snow station to snow station on
patrol duty, well nigh impossible.
Altogether the prospect of passable
trails and pleasant weather when the
president comes to visit the park two
weeks hence is not at all good.

Major Pitcher, superintendent of
the park, declared that President
Roosevelt will not be hunting in the
park. His gun will be sealed by the
military when he enters the park, just
as though he were an ordinary citi-
zen.

YAWNS HERSELF TO DEATH.

Efforts of Physicians Fail to Relieve
Wisconsin Woman.

Oshkosh, Wis., March 24.—After
yawning without interruption for three
days despite every effort to relieve her,
Mrs. William Henry Jenner is dead.
Physicians decided that the woman
was suffering from obscure lesion of
the brain, producing laryngeal spasms.
Mrs. Jenner, unable to sleep, yawned
until she could do so no more from
lack of strength, and then died.

SESSION OF THE DOMIN-
ICAN CAPITAL.

FIGHTING STILL CONTINUES

uge in United States Consulate.

Forces, Among the Slain—Number
of Killed and Wounded Unknown.

Santo Domingo, Republic of Santo
Domingo, March 24.—The revolution-
ists are in full possession of the city
of Santo Domingo. They have taken
charge of the cable office and of the
government land lines. Foreign Min-
ister Sanchez has sought refuge in the
United States consulate. The fighting
continues. Assistant Governor
Echenique and the commander of the

government troops outside the city

assumed command of the revolutionary
forces.

The number of men killed or wound-
ed are not known, but is reported many
have been killed on both sides.

General Penpin, at the head of a
force of revolutionists, attacked the
fort and released the political pris-
oners.

Many persons have been killed or
wounded in the streets. The streets
are all clogged and business is at a
standstill.

Serious consequences are expected
to result from the fighting between the
government forces and the revolution-
ists.

MESSAGE FROM MATOS.

Will Try to End War if Congress Ac-
cepts Castro's Resignation.

Willemstad, Curacao, March 24.—
General Matos, the leader of the Vene-
zuelan revolutionary movement, who
is here, sent the following cablegram
to General Ramon Ayala, vice presi-
dent of Venezuela and president of
congress:

"General Castro has resigned the
presidency. Considering that his be-
ing in power renders impossible all
peace and prosperity in Venezuela, if
congress will accept his abdication I
will promise you to use all my influ-
ence with the commanders of the
revolutionary army to put an imme-
diate end to the war."

Washington, March 24.—United
States Charge Russell, at Caracas, has
cabled to the state department that
the Venezuelan congress has unani-
mously decided not to accept the resig-
nation of President Castro.

MRS. MAYBRICK'S RELEASE.

Famous American Prisoner Will Be
Set at Liberty Next Year.

London, March 24.—Mrs. Florence
Maybrick, the American woman who
was convicted in Liverpool in 1889 on
the charge of poisoning her husband,
James Maybrick, by arsenic, and
whose sentence of death was com-
muted to penal servitude for life, will
be released in 1904. The announce-
ment comes from the home office,
which now authorizes her Washington
lawyers to use the fact of her re-
lease next year as a reason for secur-
ing the postponement of the trial of
the law suits bearing on the prisoner's
law suit about land in Kentucky, Vir-
ginia and West Virginia until she is
able to personally testify.

Washington, March 24.—Mrs. May-
brick's attorneys in this city received
a cablegram from the American em-
bassy in London confirming the news
of her forthcoming release and adding
that she will be liberated in July, 1904.

BAD SNOW STORM.

Railroad Traffic Seriously Interfered
With in Wisconsin.

Milwaukee, Wis., March 24.—Despite
the advanced condition of the season,
Wisconsin has experienced one of the
worst storms of the entire season and
reports from several cities in the in-
terior are to the effect that nearly a
foot of snow had fallen. Railroad
trains on most of the lines are seri-
ously belated and the mails throughout
the state are from one to several
hours late.

A report from Baraboo says that the
most severe storm of the season raged
all day and more than six inches of
snow had fallen.

Watertown also is within the range
of the storm and nearly a foot of snow
was reported there.

Reports from cities in the northern
part of the state are to the effect that
railroads and telegraphs are tied up.

MOVEMENT OF ORE.

Occurs a Few Days Earlier at Duluth
Than Last Year.

Duluth, March 24.—The work
of loading ore on cars for delivery at
Duluth and Two Harbors has begun
in the Hibbing and Eveleth districts
of the Mesaba and will begin at once
on the Vermilion range in this state.
The first ore to be shipped from Min-
nesota will be from Two Harbors. It
will be impossible on account of ice
to get boats to the Duluth docks for a
few days yet. The ore movement is
a few days earlier than last year.

HUSBAND UNDER ARREST.

Could Not Explain How Fire Started
in Which Wife Dies.

St. Louis, March 24.—Firemen
called to extinguish flames in a dwell-
ing here found the dead body of Mrs.
Charles Adams lying on the floor. Ap-
parently she had suffocated. Her
husband could not give a satisfactory
account of how the fire started and
was taken into custody pending an in-
vestigation.

WITHOUT FOUNDATION.

Charges Against General Wood Dis-
missed by Secretary Root.

Washington, March 24.—Secretary
Root during the day took official action
on the charges made by Estes G.
Rathbone against Brigadier General
Leonard Wood. He made an endorse-
ment on the papers saying that no an-
swer to the charges was required from
General Wood and no action will be
taken thereon; that it was known to
the secretary of war that the charges
in every respect were without just
foundation. The secretary refers to
the part taken by the military govern-
or in the postoffice cases in which
Rathbone was a defendant, saying that
General Wood at every step had the
approval of the secretary of war and
exercised only such control as was
necessary as military governor. He
refers to the game of jai alai and de-
clares that the gift accepted by Gen-
eral Wood had no relation whatever
to any official action of his but was
part of the expression of gratitude
of the Cuban people toward the rep-
resentative of the United States and
to have refused the gift would have
been discourteous and unjustifiable.
The action of the customs officials, the
secretary says, in reference to the
gift, was strictly in accordance with
law and official propriety. The en-
dorsement closes as follows:
"There is no foundation for the
charges."

Pacific Branch Line.

A. Clark admitted that negotiations
were being carried on between the
San Pedro, Los Angeles and Salt Lake
City railroad, in which he is the con-
trolling factor, and the Union Pacific

across the Utah state line in Nevada.
It will form a substantial link in Sen-
ator Clark's line from Los Angeles to
Salt Lake in the event of a termina-
tion of the negotiations now under
way.

APPETITES

Created and Maintained
by Vinol.

THAT THE FOOD IS DIGEST-
ED IS ALSO EQUALLY
NECESSARY.

We Recommend Vinol as an
Appetite Creator.

WE GUARANTEE THAT VINOL
WILL AID DIGESTION.

Vinol is the greatest aid to digestion
that we have ever known.
It is because Vinol acts so beneficially
upon the stomach that it accomplishes
so much good.

Vinol contains the active curative
principles that are found in cod-liver
oil, without any oil or grease.

These medicinal elements act so
favorably upon the stomach, that this
organ obtains for itself the elements
necessary for creating new flesh, muscle
tissue and for making rich red blood.

When the stomach acts easily and
naturally, a desire is created for good
simple food and a good appetite is the
sure result.

With cod-liver oil as formerly taken
the medicinal elements which it con-
tained were too often unable to
counteract the harm that was done by
the obnoxious grease that enveloped
them.

Now that in Vinol we have those
same elements separated from the vile-
tasting fat, we have a tonic and re-
builder that is simply marvelous in its
action.

The following is a letter that will ex-
plain itself:

This is to certify that I have used
six bottles of Vinol, and have found it
of great value as an appetizer and
tonic in general debility. I have re-
ceived so much benefit from its use
that I gladly furnish this testimonial
in order that others may be induced to
give it a trial and prove to themselves
its recuperative powers."—Mrs. ELIZ-
ABETH FEENEY, Waterbury, Conn.

We want every one in this place to
know more about our Vinol, how it
cures and what it cures. Certainly
the greatest tonic and re-builder we
have ever sold.

We, therefore, cordially invite any
one interested to call upon us; and
we want all to bear in mind that we
will gladly refund to any one who is
not satisfied with the action of Vinol
every cent they pay for it.

CROWN PRINCESS ILL.

Tried to Commit Suicide by Taking
Poison.

London, March 24.—The correspon-
dent of the Daily Chronicle at Geneva
learns upon reliable authority that the
former Crown Princess of Saxony is
lying seriously ill in her mother's
chateau at Lindau, on an island in
Lake Constance, from the effects of
an attempt to commit suicide by tak-
ing poison.

NO ACTION TAKEN.

Miners Meet to Discuss Award of
Strike Commission.

Wilkesbarre, Pa., March 24.—A
largely attended mass meeting of
United Mine Workers took place
here to discuss the report and
award of the strike commission.

The sentiment prevailed that the
award of the commission gave the
miners the privilege of summoning
the new board of conciliation which
is specified in the award, and asking
for the weighing of coal. The men
seemed to be satisfied with every-
thing else and they believe the com-
mission has left the coal weighing
question in a position where it can be
taken up and adjusted between the
men and their employers. No definite
action was taken, the miners conclud-
ing to reserve their decision until
they receive a full official copy of the
award and secure the opinion of their
national officers.

One Thing and Another.

Wheat takes up the greatest portion
of its food in the early stages of
growth, stores it up and draws upon
it later for the development of the
grain.

There is no feed that puts the gloss
and the fine touch on the hair that oats
do, says a cattle feeder.

"Up to date I know of no disease that
has had the nerve to tackle the billy-
goat or the Angora," remarks President
Harrington of the Kansas Live Stock
association.

The soy bean where alfalfa is not
abundant will save the expenditure of
many dollars for oil meal, cottonseed
meal or gluten meal.

Buffalo grass is the best feed in the
world for butter, according to a dairy-
man.

TAKEN BY LADRONES

Town of Suriago, in Northwestern
Part of Mindanao, Falls Into
Insurgents' Hands.

SEVERAL CONSTABLES KILLED

Reinforcements Being Rushed to the
Scene of Conflict as Rap-
idly as Possible.

Manila, March 24.—The town of Su-
riago, in the northwestern part of the
island of Mindanao, was captured Sun-
day by ladrones, who killed Constable
Inspector Clarke and several others.
A detachment of thirty men be-
longing to the Tenth Infantry, under
the command of Lieutenants Patter-
son and Brown, is hurrying from Ilo-
ilo, on the northwest coast of Min-
danao, to Suriago, on the transport
Itelly, with orders to recapture that
place.

Brigadier General Summer, com-
manding the department of Mindanao,
has been ordered to send two addi-
tional companies of troops to Suriago. It
is reported that the ladrones are hold-
ing the town, but details of the fight
have not been received. The fate of
the white officials and other foreign-
ers is not known. If they have been
captured, vigorous measures will be
taken to rescue them. This is the
first time American troops have been
used since peace with the Moros was
declared.

Governor Taft and General Davis
are going to Jolo for a conference with
the sultan and leading Moros of Jolo
in the hope of averting trouble.

NEW DANGER POINT.

Main Levee at Everton, Miss., Leak-
ing Badly.

Vicksburg, Miss., March 24.—A new
danger point has appeared on the Mis-
sissippi river, rather serious reports
coming from Everton, three miles
south of Rosedale, in Bolivar county.
The main levee at that point is said
to be sloughing and leaking badly. A
special train with several hundred
laborers was rushed to the danger
point from Greenville.

Scores of refugees, many of them
destitute, have come in, and the prob-
lem of what to do with them is be-
coming severe.

Forty or fifty negro families living
in the lowlands at Kollinston, this
county, had to flee from their homes,
a small protection levee having given
way.

River Falling at Memphis.

Memphis, Tenn., March 24.—The
river has remained stationary all day
and at night it is reported to be fall-
ing. The danger from the flood in
this territory is considered to be prac-
tically over.

Marietta, of Rear Admiral Coghlan's
squadron, at Puerto Cortez, on the
east coast of Honduras, where they
were sent for the protection of Ameri-
can interests said to be endangered by
the political troubles in that country.
Everything is reported quiet there.

of the Mesaba and will begin at once
on the Vermilion range in this state.
The first ore to be shipped from Min-
nesota will be from Two Harbors. It
will be impossible on account of ice
to get boats to the Duluth docks for
a few days yet. The ore movement is
a few days earlier than last year.

HUSBAND UNDER ARREST.

Could Not Explain How Fire Started
in Which Wife Dies.

St. Louis, March 24.—Firemen
called to extinguish flames in a dwell-
ing here found the dead body of Mrs.
Charles Adams lying on the floor. Ap-
parently she had suffocated. Her
husband could not give a satisfactory
account of how the fire started and
was taken into custody pending an in-
vestigation.

WITHOUT FOUNDATION.

Charges Against General Wood Dis-
missed by Secretary Root.

Washington, March 24.—Secretary
Root during the day took official action
on the charges made by Estes G.
Rathbone against Brigadier General
Leonard Wood. He made an endorse-
ment on the papers saying that no an-
swer to the charges was required from
General Wood and no action will be
taken thereon; that it was known to
the secretary of war that the charges
in every respect were without just
foundation. The secretary refers to
the part taken by the military govern-
or in the postoffice cases in which
Rathbone was a defendant, saying that
General Wood at every step had the
approval of the secretary of war and
exercised only such control as was
necessary as military governor. He
refers to the game of jai alai and de-
clares that the gift accepted by Gen-
eral Wood had no relation whatever
to any official action of his but was
part of the expression of gratitude
of the Cuban people toward the rep-
resentative of the United States and
to have refused the gift would have
been discourteous and unjustifiable.
The action of the customs officials, the
secretary says, in reference to the
gift, was strictly in accordance with
law and official propriety. The en-
dorsement closes as follows:
"There is no foundation for the
charges."

Pacific Branch Line.

New York, March 24.—Senator W.
A. Clark admitted that negotiations
were being carried on between the
San Pedro, Los Angeles and Salt Lake

trolling factor, and the Union Pacific

property is a branch of the Oregon
Short Line, which is controlled by the
Union Pacific and runs in a south-
westerly direction from Salt Lake City
to Caliente, a point about forty miles
across the Utah state line in Nevada.
It will form a substantial link in Sen-
ator Clark's line from Los Angeles to
Salt Lake in the event of a termina-
tion of the negotiations now under
way.

APPETITES

Created and Maintained
by Vinol.

THAT THE FOOD IS DIGEST-
ED IS ALSO EQUALLY
NECESSARY.

We Recommend Vinol as an
Appetite Creator.

WE GUARANTEE THAT VINOL
WILL AID DIGESTION.

Vinol is the greatest aid to digestion
that we have ever known.

It is because Vinol acts so beneficially
upon the stomach that it accomplishes
so much good.

Vinol contains the active curative
principles that are found in cod-liver
oil, without any oil or grease.

These medicinal elements act so
favorably upon the stomach, that this
organ obtains for itself the elements
necessary for creating new flesh, muscle
tissue and for making rich red blood.

When the stomach acts easily and
naturally, a desire is created for good
simple food and a good appetite is the
sure result.

With cod-liver oil as formerly taken
the medicinal elements which it con-
tained were too often unable to
counteract the harm that was done by
the obnoxious grease that enveloped
them.

Now that in Vinol we have those
same elements separated from the vile-
tasting fat, we have a tonic and re-
builder that is simply marvelous in its
action.

The following is a letter that will ex-
plain itself:

This is to certify that I have used
six bottles of Vinol, and have found it
of great value as an appetizer and
tonic in general debility. I have re-
ceived so much benefit from its use
that I gladly furnish this testimonial
in order that others may be induced to
give it a trial and prove to themselves
its recuperative powers.—Mrs. ELIZ-
ABETH FEENEY, Waterbury, Conn.

We want every one in this place to
know more about our Vinol, how it
cures and what it cures. Certainly
the greatest tonic and re-builder we
have ever sold.

We, therefore, cordially invite any
one interested to call upon us; and
we want all to bear in mind that we
will gladly refund to any one who is
not satisfied with the action of Vinol
every cent they pay for it.

CROWN PRINCESS ILL.

Tried to Commit Suicide by Taking
Poison.

London, March 24.—The correspon-
dent of the Daily Chronicle at Geneva
learns upon reliable authority that the
former Crown Princess of Saxony is
lying seriously ill in her mother's
chateau at Lindau, on an island in
Lake Constance, from the effects of
an attempt to commit suicide by tak-
ing poison.

'NO ACTION' TAKEN.

Miners Meet to Discuss Award of
Strike Commission.

Wilkesbarre, Pa., March 24.—A
largely attended mass meeting of
United Mine Workers took place
here to discuss the report and
award of the strike commission.

The sentiment prevailed that the
award of the commission gave the
miners the privilege of summoning
the new board of conciliation which
is specified in the award, and asking
for the weighing of coal. The men
seemed to be satisfied with every-
thing else and they believe the com-
mission has left the coal weighing
question in a position where it can
be taken up and adjusted between the
men and their employers. No definite
action was taken, the miners conclud-
ing to reserve their decision until
they receive a full official copy of the
award and secure the opinion of their
national officers.

One Thing and Another.

Wheat takes up the greatest portion
of its food in the early stages of
growth, stores it up and draws upon
it later for the development of the
grain.

There is no feed that puts the gloss
and the fine touch on the hair that oats
do, says a cattle feeder.

"Up to date I know of no disease that
has had the nerve to tackle the billy-
goat or the Angora," remarks President
Harrington of the Kansas Live Stock
association.

The soy bean where alfalfa is not
abundant will save the expenditure of
many dollars for oil meal, cottonseed
meal or gluten meal.

Buffalo grass is the best feed in the
world for butter, according to a dairy-
man.
